RE: Transmittal Letter No. 03-13  
Docket No. T03394A-03-

DOCKETED BY

Dear Mr. Johnson:

MCI WorldCom Communications, Inc. (MCI) is filing with your office one (1) original and thirteen (13) copies of changes to its A.C.C. Tariff No. 2 and/or related price list pages.

MCI proposes:

1. To make changes to the Company's Casual Caller rate structure. Specifically, the Company is simplifying the pricing for Casual Callers by removing the per call surcharge for all casual caller calls; introducing intralata per minute pricing; and, changing the interlata pricing to match the new intralata pricing.

An ad has been placed in a newspaper with statewide publication notifying the public of the change.

MCI respectfully requests an effective date of November 1, 2003.

Please stamp, date, and return the attached duplicate of this letter in the enclosed envelope. If you have any questions regarding this filing, please call me at 303-390-6459.

Sincerely,

Rande Klindworth  
Tariff Administrator

SECTION C - SERVICE DESCRIPTION AND RATES3. METERED USE SERVICE.01 General Description

Metered Use Service is an add-on to MCI's interstate offerings. Intrastate Metered Use Service offers the use of communications facilities shared among multiple users, and is provided via the following service options in Section 3 depending on the option(s) chosen, the customer may select the manner in which calls are originated and terminated, may obtain one-way or two-way service, may enjoy point-to-point or multipoint service, or may originate calls in multiple cities.

Certain Metered Use Service Offerings may involve a recurring monthly minimum charge for intrastate facility usage or an initiation of service fee. A monthly listing of each call and its duration is available as a standard feature. At additional cost, certain Metered Use Service options offer a customer the ability to: (1) identify the users and allocate the cost of the customer's long distance facilities through the use of additional authorization codes, (2) reduce the amount of dialed digits through the use of speed numbers, and (3) receive their call records on magnetic tape.

Under each of the above service options, the individual customer's total monthly charges for their use of the intrastate communications facilities are based upon the total time the customer (account) utilizes such facilities. In that regard, individual intrastate facilities usage charges, as well as other specific charges, discounts and/or features are applicable to each individual service option. When a metered use service call is established in one time-of-day rate application period and ends in another, the rate in effect in each rate application period applies to the portion of the call occurring within that rate application period. A specific description of each of the Metered Use Service options and its recurring and non-recurring charges, features, applicable discounts and service availability is contained in Sections C-3 following.

Option A and B customers may enroll in the Friends & Family Program and become eligible for discounts in that program in addition to discounts established elsewhere in this section. These customers are subject to the rates and provisions stated below for the Program.

- .011 Service Cancellation Request Received From Local Exchange Carrier: If the Company cancels a Customer account or service at the request of the Local Exchange Carrier (LEC) serving the Customer, and the Customer continues to complete calls over the Company's network by dialing 1+ or 1010222 for a period not to exceed thirty (30) days from the date the Company first received the service cancellation request, the following provisions shall apply:

Customers who had subscribed to residential service under this Tariff will be charged the rates set forth in Section 3.03111 for calling card access (excluding third party billed and station to station) usage; Section 3.026 for toll free service usage; and Section 3.11 for direct dial operator assisted usage.

SECTION C - SERVICE DESCRIPTION AND RATES (CONT.)3. METERED USE SERVICE (CONT.).01 General Description (Cont.).011 Service Cancellation Request Received From Local Exchange Carrier (Cont.)

Customers who had subscribed to Metered Use Service Option V (Commercial Dial 1 Service), Metered Use Service Option T (MCI Preferred), Metered Use Service Option AA (MCI Flat Rate), Metered Use Service Option AC (Advanced Option I for Small Business), Metered Use Service Option AD (MCI Flat Rate Plus) or Metered Use Service Option AF (Advanced Option II for Small Business) will receive service under the terms and conditions, including rates and charges, set forth under the offering that the customer was subscribed to at the time of cancellation.

.02 Option A (Dial One/Direct Dial)<sup>1</sup>

Dial One/Direct Dial Service is a one-way, dial in - dial out multipoint service allowing the customer to originate and terminate calls via MCI-provided local business telephone lines. Subscribers to Dial One/Direct Dial may originate calls only in the city or cities in which they maintain an active Dial One/Direct Dial account. Customers who presubscribe to MCI may do so on a direct dial basis, by dialing 1010222, or via a 7 digit access number. Customers may terminate calls as specified in Section 3.028 below. Unless otherwise specified, all Dial One/Direct Dial calls are rounded to the next higher full minute. If the computed charge includes a fraction of a cent, the fraction is rounded down to the next whole cent. Option A (Dial One/Direct Dial) is an add-on to MCI's Interstate offering of Execunet. All terms and conditions, optional features, fees and discounts will apply pursuant to MCI's website at <http://www.mci.com/service>

<sup>1</sup> Beginning October 21, 1993, Option A is available only to those Residential Service customers and customers who access service by dialing an MCI Carrier Identification Code (CIC).
